

A photograph of a steep, rocky hillside. The foreground and middle ground are covered with sparse, dry, brownish-yellow grass and patches of green vegetation. Large, dark grey rocks are scattered across the slope. In the upper left, a utility pole with several power lines is visible against a blue sky with white clouds. The overall scene is a natural, rugged landscape.

A photograph showing a close-up of a dark, textured rock surface, likely a brecha. The rock has a rough, irregular appearance with many small cracks and indentations. A red ruler is visible on the left side of the image, providing a scale for the rock's texture. The text "BRECHA CUEBVA PALENQUE" is overlaid in white at the bottom right.
